## Requirements for Certification

- All animals must be sired by pedigree registered AA Bull.
- All animals' passports must confirm the animal's breed as AA or AAX.
- All members must be BBQA (Bord Bia Quality Assured) and a signed-up member of the Angus Beef Ireland producer group.
- Please check with your agent before sending cattle, that your animals and your herd meet the processor's certified Angus contract requirements.
- These specifications can vary factory to factory depending on certified Angus contract terms and conditions.
- All animals are visually inspected for Angus traits in the lairage.
- Animals will not be certified if they fail lairage visual inspection.
- AA animals are polled, but soft /scur horns are acceptable on AAX animals.
- Regular random DNA tissue samples are taken and tested to establish the percentage Angus in each animal.
- Animals sampled which do not meet the required minimum percentage Angus will be notified to you and the relevant processor in writing, (in line with our breed assignment policy)

## GDPR DATA OPTIONS SUMMARY

**Once your membership form is uploaded you will receive a new member joining letter.**

- This letter will contain your personal access code to [www.certifyangus.com](http://www.certifyangus.com), to enable you to amend your data preferences directly online.
- Alternatively you can amend your details by contacting the Angus Beef Ireland Ltd. Data protection officer on [info@angusbeef.ie](mailto:info@angusbeef.ie) or in writing to Data Protection Officer, Angus Beef Ireland Ltd, Kilpatrick, Bunbrosna, Mullingar, Co. Westmeath
- Angus Beef Irelands privacy policy can be viewed on [www.certifyangus.com](http://www.certifyangus.com) and [www.angusbeef.ie](http://www.angusbeef.ie)
